Dear Mr. President:

First of all, thank you very much for pursuing policies that are ending the Obama Administration war on Seniors. I write to you in behalf of tens of thousands of concerned Americans who are part of Secure America Alliance and who support your efforts to make America great again.

We ask that you notify the Mexican government that the United States is terminating the signed but not yet ratified Totalization Agreement with Mexico. I have attached the first batch of petitions from Americans asking you to do just that and end this threat to the American Social Security system.

We are aware that those who wish to use taxpayer funds – such as the Social Security Trust Fund – as a magnet to attract more illegals to come to America. That is why our petition campaign will continue in 2018 until Totalization is terminated.

This “Totalization Agreement” with Mexico was signed at Guadalajara, Mexico on June 29, 2004 in Spanish and in English by representatives of the United States and Mexico. It becomes law once notice is given to the Senate and the House for their opportunity to veto the agreement and in the event that neither has passes a resolution within 60 days.

This agreement would give illegal Mexican workers in the USA the same social security benefits as Americans. Even when they move back to Mexico.

Further, the “Totalization” agreement with Mexico gives illegals in the U.S. the full social security benefits after only 6 quarters – 18 months – of work in the USA. While

American workers have to be on the job for a much longer 40 quarters or 10 years (120 months) to be fully vested in the U.S. Social Security system. Totally unfair to American seniors.

This secretive "Totalization Agreement" is the same thing as "Amnesty with Cash" to not only legalize illegals but to pay them millions of dollars out of our Social Security Fund and even to illegals who used fraud to get their jobs – such as the massive and growing problem of identity theft.

If this Totalization Agreement with Mexico were to become law, then within the first 5 years, an estimated \$525 million of our Social Security savings will be diverted from American senior citizens who earned it, and sent to illegal Mexicans who can then return to Mexico.

This "Totalization" agreement would mean the bankruptcy of our Social Security system and either the end or the drastic reduction of benefits to those who spent a lifetime making payments into the Social Security System.

President Trump, you can end this threat at once with just a stroke of the pen as President to serve notice of Termination of the Guadalajara Totalization Agreement. Under Article 20 "either Party may terminate this Agreement by giving written notice of its intent to do so to the other... at any time."

That means you, Mr. President, can terminate this unfair Totalization agreement and serve notice that you are willing to negotiate a new agreement which is fair to both parties and which makes provision for Social Security benefits for legal workers in the United States only and protects American seniors.

Thank you for your consideration. Please feel free to contact me if you have any questions. I would be willing to be present at any ceremonial signing of a Presidential proclamation terminating this Totalization Agreement.

Sincerely,
